

Arcy-Line: Architectural Linear Fixtures

5-CCT & 3-Power Selectable

The ARCY-Line Direct/Indirect Architectural luminaires offer a 2" sleek and modern appearance with symmetrical light distribution. They can be surface, wall, recess, trimless, or pendant mounted. The luminaire provides flexible and creative illumination design options, including direct, indirect, and wall wash lighting, with fully illuminated corners for seamless connections between luminaires. It is designed to make an enduring impression in corporate offices, educational institutions, commercial spaces, and retail environments.

Detail Specifications:

- Finish: White, Custom finishes available
- IP Rating: Damp Location (IP44)
- Up & Down Beam Angle: 110°
- Chip: SMD 2835, R9 >50, CRI >90
- Operating Temperature: -4° - 114° F
- Lens: Acrylic Frosted Lens Standard: efficiently emits the light through a high-quality acrylic lens, spreading it evenly and without causing glare
- Optional Louver available
- Average life (L70) of 50,000 hours

Applications:

- Stairwell & Hallways
- Utility & Storage
- Garage Structures
- Office and Meeting Rooms
- Retail
- Commercial and Industrial

Product Information:

- Construction:
 - One piece aluminum extrusion housing that incorporates a precisely cut, smooth white extruded frosted lens that securely attaches to the body and allows easy removal for accessing the driver and LED boards when needed.
 - Solid aluminum end caps are included
 - Finished with corrosion free powder coat
- Fixture can be surface mounted or pendant mounted with
- Select-n-Switch Technology: 5-CCT + 3-Power Selectable

Seamless Connection:

- Fixture is pre-wired for easy daisy chain
- No additional wiring is required for continuous run
- Connector brackets to link fixtures in a continuous run is included

Driver Options:

- Max Run: 600W off one power feed
 - Maximum run by foot chart on page 3
- UNV: 100-277V 0-10V Dimmable (Dim-to-off)
- Optional 347-480V step down transformer available
- THD: <20% (+/-5% tolerance), PF >0.9, 50/60Hz
- 3-Power Selectable
- Flicker Free

Mounting & Installation:

- Suspend
- Surface Mount
- Wall Mount
- Trimless Mount (can be serviced from below ceiling)
- Recessed in Drywall
- Recessed in T-bar available (different SKU).

Certifications:

- ETL Listed for USA and CA
- DLC Standard Listed (Pending, ETA 02/2025)
- Approved for CA T24
- 5 Year Limited Warranty
- FCC CFR 47, GCC Part 15, Subpart B:2017

INSTALLATION METHODS

Suspension Canopy Kits

The suspension kit can be adjusted in length. 5-wire power cord is included.

MODEL #	FINISH ¹
SK-6FT-CPR-1WR	WH White BL Black CUSTOM Custom Color View our RAL Chart
SK-12FT-CPR-1WR	

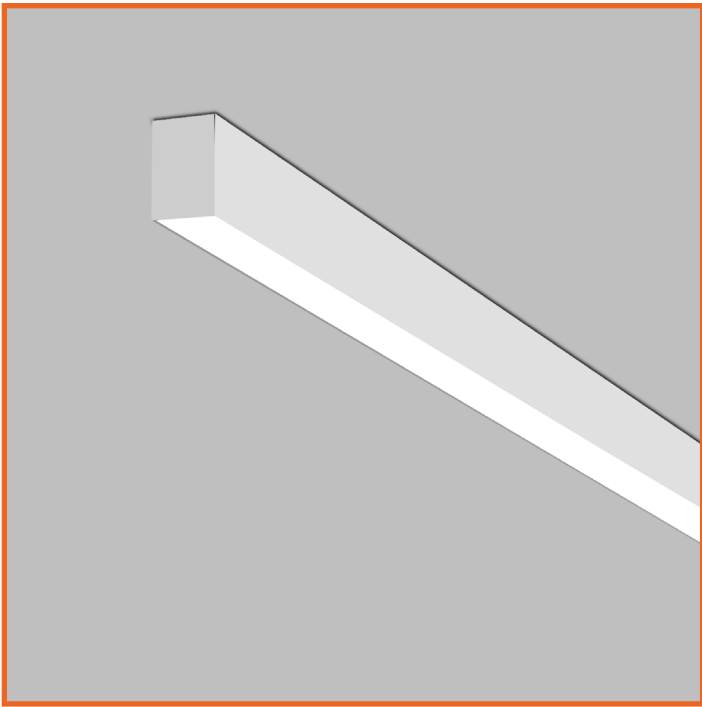

Suspended (Stem/Rod Kit)

Suspend each fixture with a stem rod kit that can be adjusted to 2' or 4'. Available standard in white or black finish. Other paint options are available. Must order with the suspension kit canopy. Cord and canopy is not included.

MODEL #	FINISH ¹
ALIN2-2/4FT-SRK	WH White BL Black CUSTOM Custom Color View our RAL Chart

Surface Mounted

Surface mount kit brackets are available for purchase. Use it to easily surface mount your fixtures into the ceiling.

MODEL #	FINISH ¹
ALIN2-SM	WH White CUSTOM Custom Color View our RAL Chart

SHOWN WITH WALL MOUNT

Wall Mount (Field Install Only)

Wall mounting brackets are available for field install. 2 brackets will be included per order. Wall mount will include a 4.5' power cord to install into the wall j-box.

MODEL #	FINISH ¹
ALIN-WM	WH White CUSTOM Custom Color View our RAL Chart

Recessed Drywall Flange Kit (Factory Install Only)

Drywall recessed flange kit must be installed at the factory level. Bracket will allow for recessed and flush installation into drywall or other hard ceiling applications. Specify on your order:

- RTK:** Trim will be installed to all 4 corners of the fixture. Ideal for stand-alone fixtures.
- RTK2:** Trim will be installed to the 2 long (length) sides of the fixture. Ideal for middle fixtures in a continuous run.
- RTK3:** Trim will be installed to the 2 long (length) and 1 short (width) of the fixture. Ideal for the start or end of a continuous run. Recessed bracket will be included with each fixture.

This will not work in T-bar applications. For T-bar applications, use: LED-ALIN2-TB models (separate spec sheet).

RECESSED TRIMLESS

Trimless Recessed Kit (Factory Install Only)

Bracket will allow for trimless/mud-in installation. Bracket will add a 1/16" spacing from the lens to allow room for the mud in.

- TML:** Trim will be installed to all 4 corners of the fixture. Ideal for stand-alone fixtures
- TML2:** Trim will be installed to the 2 long (length) sides of the fixture. Ideal for middle fixtures in a continuous run.
- TML3:** Trim will be installed to the 2 long (length) and 1 short (width) of the fixture. Ideal for the start or end of a continuous run.

Up Light Kit

Model #'s: ALIN2-2FT-UL, ALIN2-4FT-UL

This option can be field installed but is recommended to be factory installed. Up light is only available on fixtures 2' + length. Ordering guide for field install or stock check:
