# Back-lit LED Panel

## Power + CCT Changing

The EnVision LED Back-lit Panel has a unique modern design configured to combine high performance LED chips and our leading technology diffuser, which makes the ideal solution for any commercial lighting need. This high efficacy luminaire provides long-life and uniform illumination, as well as standard 0-10v dimming capacity. Switchable between 20, 25, 30, 35 watts of power usage and between 30, 35, 40, and 50k color temperatures!

### Applications:

- Suspended Installation
- Commercial Lighting
- Recessed Lighting
- General Indoor Lighting

### Product Information:

- Damp rated or wet rated (with silicone)
- No UV, no RF, non-yellowing PMMA lens
- L70 Calculated Life: >50K Hours
- Flicker-free integrated driver, 0-10V dimmable
- Back-lit design provides diffuse, shadowless light
