

4" & 5/6" RGB + W Smart Downlight

4"

5/6"

With the EnVision LED Smart Downlight, unlock a whole new chapter of making your home more connected, with our simple dimming controls to advanced bluetooth remote settings. Set a timing schedule with the app that connects to the fixture, and even set color changes that change with music beats. Along with our anti-aging optical-grade PC lampshade and our energy saving, long lifespan high bright LED chips, use our downlights for recessed lighting, retrofitting, and general indoor lighting.

Applications:

- Residential Lighting
- Commercial Lighting
- Recessed Lighting
- General Indoor Lighting

Product Information:

- Choose between any color in the RGB spectrum, plus white
- Damp rated
- Driver: AC Driverless technology 120V
- High CRI>90 with CA Title 24/CEC/T20 Compliance

Note: Functions such as ON/OFF dimming, color changing, scheduling, grouping only controlled through app.

FEATURES

4" & 5/6" RGB + W Smart Downlight

DIMENSIONS

INSTALLATION

1. There are two ways to install our EnVision LED Smart Downlight. If you have an EZ Connect housing, simply connect the housing and then connect everything to the terminals. If you do NOT have an EZ Connect housing, install the adapter and then connect everything to the terminals.
2. Attach the torsion springs to the brackets of the recessed can.
3. Insert the LED Retrofit Kit into the recessed housing unit.
