

Directional Retrofit Lamp

3-Power Selectable

LED Bulbs

The EnVision LED flat directional HID replacement lamp allows the end user to retrofit existing shoebox, wall pack, and flight light housings. The lamp includes an internal driver with a 6kV surge protector inside.

Detail Specifications

- IP Rating: IP64 Wet Location
- Beam Angle: 120°
- Base: EX39
- CCT: 5000K standard (30,40,57k available custom order)
- Chip: SMD 2835, R9 >50, CRI >80
- Operating Temperature: -40° - 122° F
- Average life (L70) of 50,000 hours

Applications:

- Outdoor Lighting
- HID Lamp Replacement
- Shoebox, Wall Pack, Flood Light Retrofit
- Residential, Commercial and Industrial

Product Information:

- Aluminum housing for heat dissipation
- Suitable for use in existing fixtures
 - Ballast bypass required
- Connect directly to 120-277V power
- Instant-On to full brightness

Driver Options:

- 120-277V
- 0-10V Dimmable
- THD: <20% (+/-5% tolerance), PF >0.9, 50/60Hz

Mounting & Installation:

- EX39 socket
- Ballast bypass required

Certifications:

- UL Listed for USA and CA
- DLC Listed
- 5 Year Limited Warranty
- FCC CFR 47, GCC Part 15, Subpart B:2017
